War Claims.

WASHINGTON, Dec. 9.—The last Congress passed a resolution requesting the Secretary of War to ascertain and report the amount due the States of California, Nevada and Oregon for services in suppressing the Rebellion. The Secretary instructed the old Territorial Claim Board of Army Officers to investigate the subject. The Board has nearly finished the work and finds that California is entitled to \$500,000 and Nevada to \$400,000. The work on Oregon is not yet completed. The Board will report to the Secretary the latter part of the week.

The ladies of the St. Peter's Guild will give a social party on Thursday evening, Dec. 12th, at Armory Hall. Dancing to commence promptly at 8 o'clock. Refreshments will be served during the evening. There will also be a number of Christmas novelties for sale. Admission 50 cents. n1

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administers it to her own offspring and always with the best success. For sale by G. C. Thaxter.

The Superior Court of California is indeed a strangely constituted body. It has reversed its own decisions in the Sharon, Bowers and Jessup cases without any further evidence in either case. The Court is regarded as venal by nine tenths of the people of California.

In a recent article in the Youths Companion, on "How to cure a cold," the writer advises a hot lemonade to be taken at bed time. It is a dangerous treatment, especially during the severe cold weather of the winter months, as it opens the pores of the skin and leaves the system in such condition that another and much more severe cold is almost certain to be contracted. Many years constant use and the experience of thousands of person of all ages, has fully demonstrated that there is nothing better for a severe cold than Chamberlain's Cough Remedy. It acts in perfect harmony with nature, relieves the lungs, liquefies the tough tenacious mucus, making it easier to expectorate, and restores the system to a strong and healthy condition. Fifty cent bottles for sale by G. C. Thaxter.

Nothing is so desired by a woman as a beautiful complexion. This can only be obtained by the application of Appel's Complexion Cream. This preparation does not cover blemishes but cures them. A BIG SUIT

To Set Aside the Sutro Tunnel Mortgage.

There has been begun in the U. S. Circuit Court in this city a suit by Frank J. Symmes, Joseph Aron, F. H. Wheelan and other stockholders against the Union Trust Company of New York, the Sutro Tunnel Company, Theodore Sutro and others. The complaint was filed by R. E. Houghton, attorney for the complainants, on Monday. The complaint avers that the Sutro Tunnel Company mortgaged its property to McCalmont Brothers & Co. of London on Jan. 4, 1887, and in March '86 McCalmont & Co. began suit for the foreclosure of this mortgage, making an aggregate claim for principal and interest of over \$1,500,000, and that in March a receiver was appointed to receive all moneys due and to be due the Sutro Tunnel Company. That in March 1887, Theodore Sutro was elected by the Sutro Tunnel Company as their attorney and counselor, with an advance of \$1000 and \$400 per month as salary to defend said mortgage suit and to secure a favorable settlement with the McCalmonts and that the said Sutro afterwards caused himself to be elected President of the Sutro Tunnel Company at a salary of \$500 per month, and that Sutro while acting as President and attorney, procured a final settlement and compromise with the McCalmonts, who agreed to accept about \$850,000 in settlement of the litigation. The complaint further shows that Sutro submitted a plan to the executive committee of certain New York stockholders of the Sutro Tunnel Company which was adopted, the plan being to issue bonds of the value of \$3,000,000 to be subscribed for by the stockholders, the Union Trust Company of New York to act as trustee under the mortgage. That there were subscribed to these bonds more than \$717,500 and that this was paid to the owners of the McCalmont mortgage.

It is alleged that Theodore Sutro never disclosed the full terms of the settlement and holders of 565,000 shares of stock, who did not subscribe to the bonds, claim the right to receive all their rights so far as concerns the Sutro Tunnel and its franchises, and also to receive mortgage bonds in the sum of \$565,000 in addition to their claim for reimbursement of the bonds in the sum of \$50,000 cash and \$200,000 in mortgage bonds.

Shaw's Hot Springs. These springs are the most popular bathing resort in the State. The baths are not only a luxury, but very beneficial and invigorating, and can be had at any temperature or depth. The dressing rooms are supplied with comfortable fires if desired. The analysis of these waters shows their medicinal qualities to be excellent. The swimming pond is large and elegant, ranging in depth from three feet to six feet, and kept at a temperature of 98 degrees (blood heat), is sixty feet long by twenty-four feet wide, and supplied with spring-board, trapeze, swing rope and shower bath. A delightful swim can be had here at any time of the year. The price is very moderate; 50 cents per bath including ride to Springs and back in the bus that runs for the accommodation of all bathers. d7,1w

THE WIDOW WINS.

The McConkey Insurance Case Decided.

On the morning of January 2nd, 1883, the lifeless body of Treasurer McConkey, of White Pine county, was found in his office at Hamilton. There was a bullet hole in his head the safe was open and the books and coins were scattered on the floor.

McConkey had attended a dance during the night and left for his office telling his wife that he had to square up his books, as it was the end of the year and his successor was to take charge of the office next day. His friends asserted that he had been murdered and the safe robbed, while others clung to the theory of defalcation and suicide. McConkey held a policy in the Travelers Accident Insurance Company for \$5,000.

Sadie McConkey, widow of the Treasurer, brought suit for the recovery of the policy and costs. A clause in small type in the policy provided that there could be no recovery for death from intentional injuries inflicted by the holder or others. Judge Love of the United States District Court of Iowa, where the case was tried, denounced that clause and found for the plaintiff in the sum of \$5,600. The insurance Company appealed to the Supreme Court of the United States and that body reversed the decision of the lower Court. A new trial of the case took place at Dubuque, Iowa, last week and the jury found a verdict for Mrs. Sadie McConkey in the sum of \$6,395.

The Rain.

More rain has already been recorded this season than for the entire winters of several years. In 1887: up to the beginning of summer only fifteen inches fell; in 1877 only 11 inches; in 1882 a little over 16 inches, and in 1887 about 16 inches all over the Coast.

There has also been more rain than usual in the New England, Middle and south Atlantic States and in the Ohio valley; the greatest excess being in Eastern New York, eastern Pennsylvania, Maryland, Delaware and the District of Columbia, where the rainfall has been from 3 to 6 inches above the average for November. The excess in the Ohio valley, Tennessee and southward to the Gulf coast has been from 2 to 4 inches.

Freezing weather has been reported through the Eastern and Middle States, as far south as Florida. In the alleged balmy country of oranges and alligators, the thermometer has fallen to 30.

The higher mountains are covered with snow. During the past 48 hours 20 inches fell at Truckee, 34 inches at the summit, and 31 inches at Cisco. It was raining at Emigrant Gap. At Colfax, there was a heavy rain, the record showing 2.80, with a season total of 28.90. At Auburn the figures were 1.45 and 16.20 respectively. It rained for 36 hours out of 48 at Newcastle.

The heaviest snowfall ever recorded during a season in the Sierra was 1876, when actual measurement showed a total of 32 feet. The measurements were made three times daily at Emigrant Gap. The highest amount, however, that remained at any one time was 14 feet of solid, packed snow. The 32-foot measurement was on a level and not in a drift.

The new gigantic rotary snow plow has been able to keep the road clear on the Central Pacific main line and the trains are on time.

Tonight's Minstrels.

Lew Johnson's colored minstrels, now a thoroughly organized company of Eastern men, will appear at Carson Opera House this evening.

Upon the arrival of the train they will give a grand street parade, showing that they are not afraid to advertise their members and their strength. The drum major will precede the parade on horseback.

They come to us well advertised, and spoken of by the press of all the principal Eastern cities. This being the case our citizens are assured of a pleasant evening's entertainment.

Reserved seats can be had at Tobriner's without extra expense.
